

GDAŃSK 13-16.06.2024

**44th International
Hanseatic Day**

GDAŃSK, 14 JUNE 2024

We, the participants
of the Hanseatic Mayor's Summit in Gdansk
during the 44 Hanseatic Day's
aware of the past and looking in to the future
declare the following

GDAŃSK 13-16.06.2024

**44th International
Hanseatic Day**

Urban Mobility Solutions

- Make brave changes in sustainable mobility that includes everyone
- Change the patterns - way of thinking and travel behavior to improve our health and environment

The Climate Agenda

- To implement urban planning and management that includes rational water management
- Create cities that are: compact, climate-friendly, energy efficient

Hanseatic Legacy

- Hanseatic cities will become a school for democracy
- Hanseatic cities as a platform for exchanging of view, ideas, social, cultural and economic solutions

Navigating Demographic Shifts

- To create positive narration about balanced migration as an opportunity to develop our cities now and in the future
- Active participants from all sectors: central government, local and regional government, NGO'S and activist working with a common goal in mind

Civic Activation

- Plan and develop an educational model that will be an incubator for civic activation and more involved citizens
- Inspire among citizens conscious decisionmaking and taking responsibility for one's choices
